*My Redistricting Plan by Bruce Stangeland (11/06/2021)*

**First Name**: Bruce
**Last Name**: Stangeland

**Comments**: Here's my attempt to redraw our 8 districts. My maximum population = 16000 and my minimum is 15,200. My intent was to minimize the length of the boundary of each district, so as to not gerrymander.

**Date**: November 6, 2021

Each of these blocks is drawn within Berkeley's existing neighborhoods.

The numbers from the final release of the 2020 US Census as required by the California Fair Maps Act.

**ONCE COMPLETE**

*My Redistricting Plan by Thomas Lord (11/06/2021)*

**First Name**: Thomas

**Last Name**: Lord
**Comments**: This map tries not to deviate radically from existing districts while, at the same time, trying to increase the diversity of interests each council member must represent.  For example, this map gives both the representatives from District 1 and District 4 a stake in Ohlone Park.  This map gives District 6 a larger stake in the interests of students.   I have not adhered strictly to the traditional use of Sacramento St. as a district boundary for similar reasons.  Perfect racial balance equality is geographically impossible in any set of compact districts at this time but I have tried to improve the balance.   I am not sure I m satisfied with the boundaries between district 1 and 2 which I changed only minimally - but I left them as is for lack of deep familiarity with the area.  The population size balances are all very close to ideal.

CITY OF BERKELEY

*My Redistricting Plan by BNC (Janis Ching) (11/12/2021)*

CITY OF BERKELEY

**First Name**: Janis
**Last Name**: Ching

**Comments**: This map is being submitted by Berkeley Neighborhoods Council, using input from many neighborhood groups across the city. Considerations: 1.Keep neighborhoods together as much as possible. 2. Combine the Northside and Southside student housing units to create a more unified student district. 3. Keep the blocks surrounding the North Berkeley BART station in one district as they share interests in upcoming development. 4. Keep the Shattuck business district together from Downtown to at least Cedar St. 5. Dwight Way serves as the natural border for District 3, and should continue to do so, as the neighbors to the south of Dwight continue to fight for equity in terms of resources. 6. The LeConte Neighborhood has been split for decades. We put them back together in District 3. 7. The McGee-Spaulding Tract has historical significance and should be kept together. Its borders are Dwight Way to University, Sacramento to MLK. 8. Spruce Santa Barbara are natural borders for District 56. Neighborhoods there are less cohesive . 9. Include Panoramic Hill in District 8 to keep the high fire zones together

**First Name**: Alfred
**Last Name**: Twu

**Comments**: Inspired by Berkeley s creek watersheds, with some modifying to create reasonably compact and equal population districts.  The parts of Berkeley expected to grow more in the next 10 years, such as the Upper Strawberry district which includes downtown, are drawn with less population now, while those that are expected to grow slower, such as Codornices-Blackberry, are drawn with more.

**Date**: November 14, 2021

**CITY OF BERKELEY**

*My Redistricting Plan by Ben Gould (11/14/2021)*
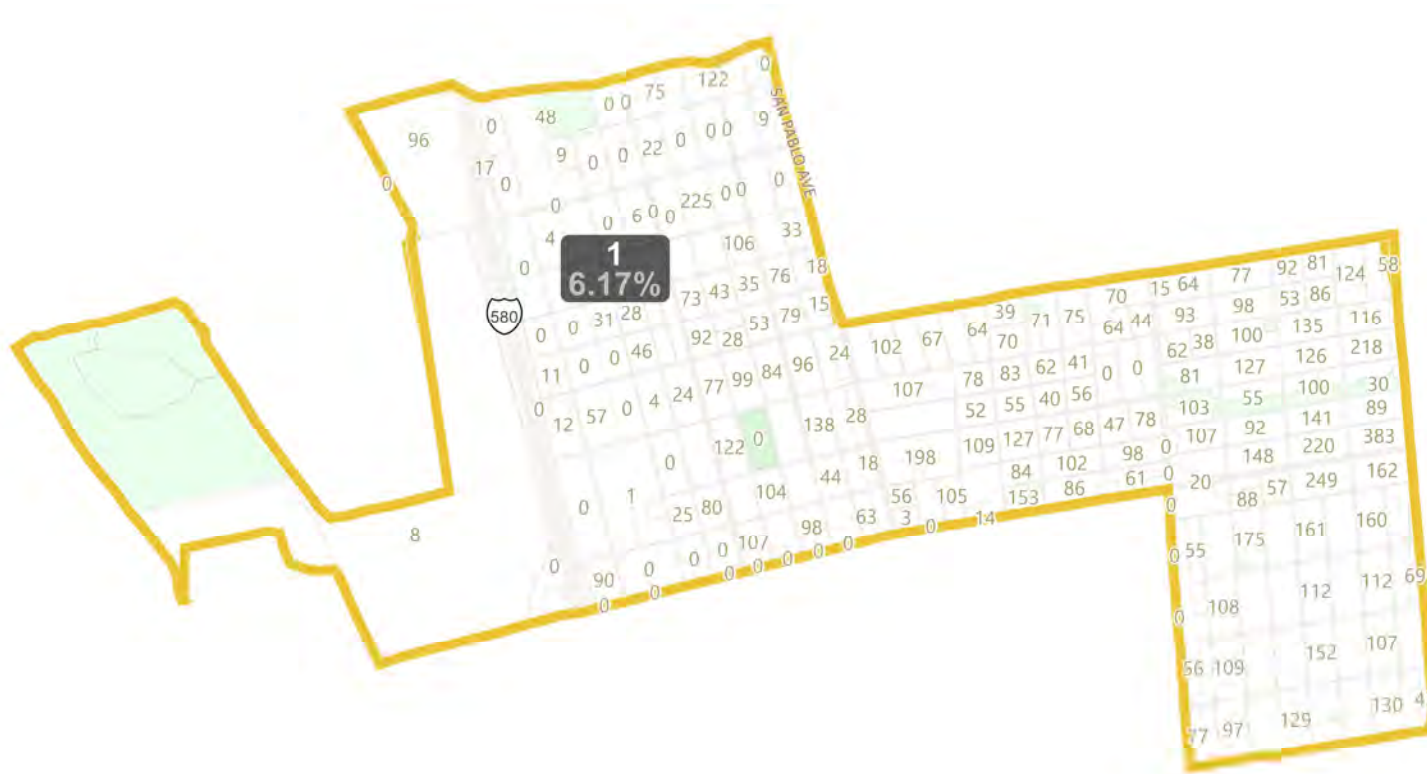

**First Name**: Ben
**Last Name**: Gould

**Comments**: I tried to balance three goals. In order:1. Keep communities together. Reunite neighborhoods divided by existing lines2. Keep business districts corridors, especially local area plans, together3. Use major roads as borders. Within a district, minimize deviations from a given border. Population difference, at 8.9%, meets the 10% requirement, but was otherwise considered less important than the goals above. Anticipated growth  10k people  will dramatically outweigh initial differences. In this map, District 4 groups together the student- and renter-heavy neighborhoods in Downtown, north Shattuck, Northside, and Foothill Panoramic Hill. District 6 unifies the fire-prone hills, while 5 encompasses commercial areas on North Shattuck, Hopkins, and Solano. District 1 unites Ohlone Greenway and Central Berkeley neighborhoods, while keeping NBB and northwest industrial areas. District 2 gets consistent borders. 3 retains its general shape. 7 focuses more tightly on Southside, while 8 takes remaining students south of Dwight. Strictly necessary population balancing accounts for all boundary deviations.
